MICHAEL BROWN

PRODUCT MANAGER

PROFESSIONAL EXPERIENCE

TECHNICAL PRODUCT MANAGER III

Jibe/iCIMS | New York, NY | September 2018 – Present

- Product manager and owner for Candidate Portal, Apply, Hiring Manager Portal, and Employee Referrals program. Manage multiple competing priorities while delivering two new products for strategic customers in 12 months.
- Manage existing product responsibilities while facilitating Jibe integration to iCIMS following acquisition in June 2019. Onboard new iCIMS team to candidate portal to speed development and assist with cross-company integration.

TECHNICAL PRODUCT MANAGER

Lifion, by ADP | New York, NY | May 2017 – September 2018

- Product owner for a new approvals engine within the Lifion application development platform that allows application developers to include custom approval flows in HR applications.
- Aligned product roadmap with multiple stakeholders, including HR application product owners, application architects, and engineering that enabled approvals engine adoption in over ten new processes in the first six months of 2018.

PRODUCT MANAGER

Jibe | New York, NY and Washington, DC | July 2015 – May 2017

- Product owner and subject matter expert of Jibe's flagship search and apply products, which processed over 300,000 job applications per month for some of the world's largest brands.
- Directed Agile scrum ceremonies for search and apply engineering teams while driving towards on-time delivery of key features.
- Facilitated quarterly release planning meetings with engineering to determine level of effort and relative priority of upcoming initiatives.

ASSOCIATE SOFTWARE ENGINEER

Jibe | Washington, DC | July 2014 – July 2015

- Met frequently with customers to guide branding implementation decisions so that Jibe delivered user experiences that exceeded expectations.
- Front end developer responsible for building and maintaining the client branded front end for Jibe search and apply.

EDUCATION

BA, THEATRE DESIGN AND PRODUCTION

University of Northern Iowa | May 2011
